# FIELD LOCKER® ELEMENT™ SERIES

---

Plano's Field Locker Series provides top-level protection to top-level firearms. All Field Locker cases are ruthlessly tested to endure the toughest journeys—no matter the immersion, vibration, dust, or transit drop. This wheeled case was designed specifically with tactical firearms in mind, including the popular AR-15 platform. Equipped with reinforced construction, a watertight seal, and more, your most prized firearm will be wrapped in ultimate security.

### FIELD LOCKER® ELEMENT™ GUN CASES

Our line of premium gun storage, the Plano Field Locker Element Series was designed to provide exceptional protection and durability in any situation. Weather, drop, and shock resistant, the Element rifle case is equipped with rugged, reinforced construction to preserve the integrity of your gear. Top-tier features include watertight seals, double-density foam, and industrial draw-down latches to keep your gear protected, no matter the Elements.

- Our hard body single rifle case features continuous Dri-Loc seal to create a waterproof, dust-proof shield perfect for changing weather conditions, providing premium protection for your rifle or shotgun.
- The built-in pressure equalizer valve is equipped for airline travel – equalizing pressure caused by altitude or temperature changes.
- Double-density customizable foam provides versatile storage options and superior protection during transport.

# RUSTRICTOR™ ALL WEATHER 2™ SERIES

AW2 rifle cases are the first rifle cases in the Plano line to feature Rustructor™ Technology. They're still impenetrable from the outside, with dual-stage lockable latches and a Dri-Loc seal that create a watertight, dust-proof shield. Inside, not only does a pressure release valve equalize pressure through temperature or altitude changes, there's also the added benefit of Rustructor to prevent rust and corrosion on your gear.

## RUSTRICTOR™ ALL WEATHER 2™ GUN CASES

Defend your firearm from impact and water damage and with this hard rifle case. The VCI-infused resin and foam emitter blocks rust/corrosion 5x longer than competing products (per accelerated lab testing).

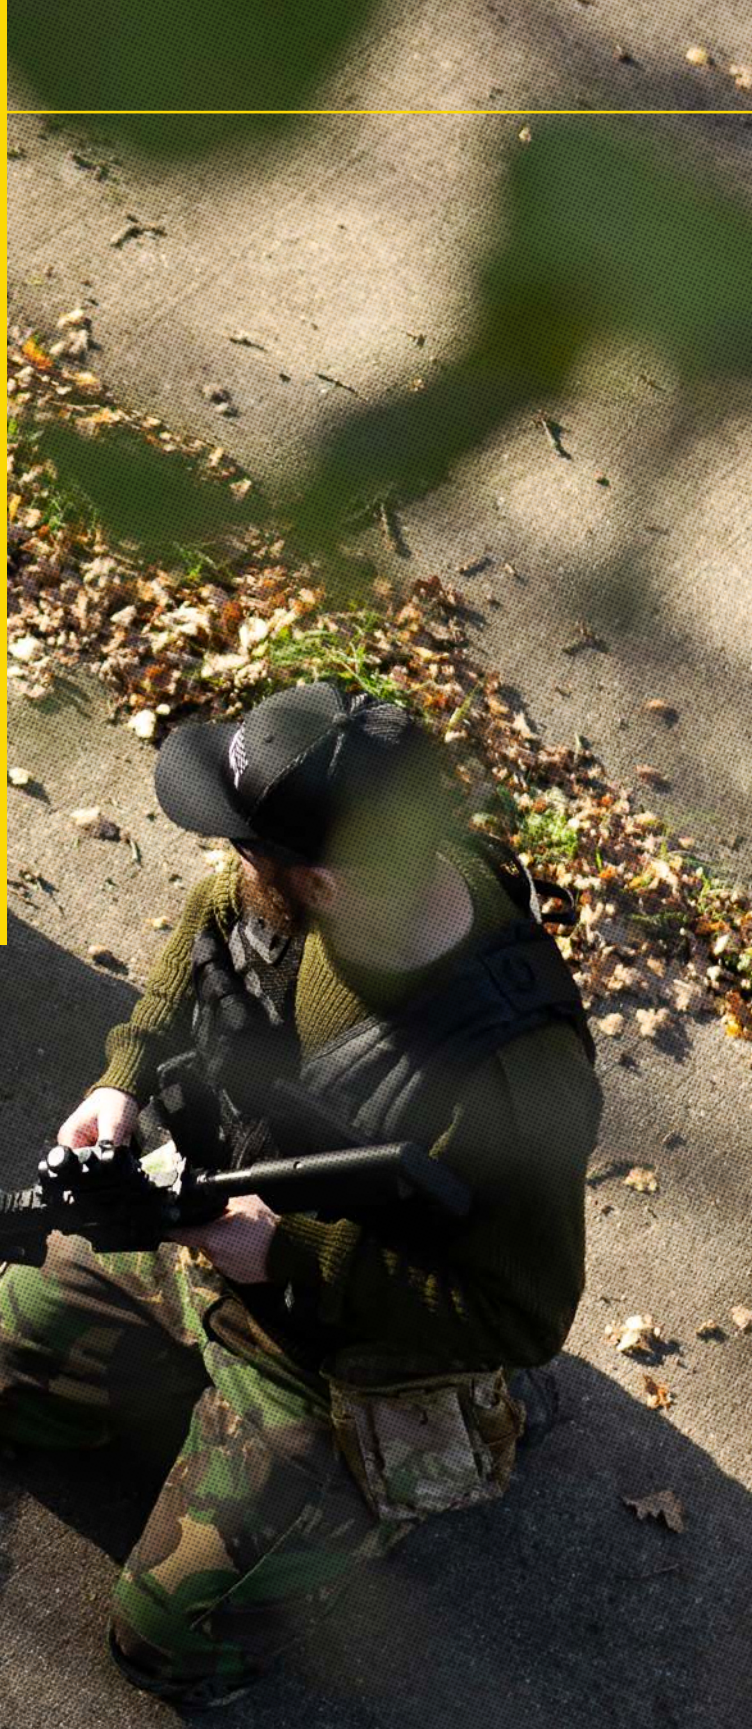

- Constructed with rugged, industrial strength to provide durable reliability and protection during travel or standalone storage. Dri-Loc seal provides a watertight, dustproof seal.
- Interior shell features pre-perforated pluck foam padding, so you can customize the case to the shape of your rifle, handgun, or gun accessories to prevent movement and offer optimal protection.
- Made in the USA
- With a hard plastic exterior, Dri-Loc seal and customizable interior foam padding, this hard shell gun case minimizes damage that may occur from direct impact, water and dust while in transit or storage.

# WATERPROOF CASES

Enjoy the outdoors safe in the knowledge that your valuables are protected with Plano's ABS Waterproof cases, which create an element-proof shield for your mobile phone, GoPro, and more. The Dri-Loc O-ring seal ensures the case stays completely waterproof and airtight when shut – it even keeps out dust. Meanwhile, a theft prevention tab provides an extra layer of protection. Inside the case, high-density pluck foam offers a soft and customisable fit for whatever you're carrying. A heavy-duty, moulded carry handle makes transporting this case and its contents effortless.

# FROST™ SERIES

Backed by 70 years of experience and ruthless testing, Frost coolers deliver results in a way only Plano can. The other guys may just be catching on to the power of plastic, but we've been perfecting injection moulding techniques since the 1960s. Our coolers get a leg up from this experience, with industrial-strength moulded construction, shock-resistant protection, and dual-stage moulded latches for an airtight seal. Keep your cool next time you're out on an outdoors adventure.

## COOLERS

- Dual-stage molded latches
- 1 inch commercial grade insulation
- Continuous air-tight Dri-Loc seal
- Integrated tie-down slots in handle
- Built-in stainless steel bottle opener

# PAYMENT & SHIPPING

## PAYMENT CONDITIONS

Our payment conditions vary per country, once you are onboarded into our PLANO system you will be contacted by our service desk to discuss the best payment solution for the both of us.

## SHIPPING

Any shipping days mentioned are working days only – for example, if a product has a shipping time of 10 days, this will include working days, and not weekends or holidays. Orders must be in the system before 10am CET (10am GMT for UK/Ireland orders) for that day to count towards the shipping time.

All orders inside the EU over €250 will not be charged for delivery, orders below incur a charge of €15. Express delivery is available on request, however will be charged to the customer, the cost of which can vary.

The customer is responsible for any import duties that may incur in the respective country. Customers outside of the Shengen

Area must arrange/pay for goods collection themselves in Poland. For export outside of Europe, payment must be made before shipping – products are shipped by us to a forwarder within Europe. For export outside of Europe and Turkey, a certificate of origin (COO) is often required. We will request this once payment has been made (import duties included).

UPS track and trace will be communicated to the customer via the packaging slip, this will be automatically sent via email. For Schenker/Gefco pallets, a tracking number will be emailed to the customer once the pallet is ready to be shipped.

## ESTIMATED SHIPPING TIME

\*3-10 days for pallets. Times shown are classed as working days.

If you are an EMEA customer and your country is not listed please contact us. [pfsalesairsoft@purefishing.com](mailto:pfsalesairsoft@purefishing.com)
